

Computer Science Journal (CSJ) is a peer-reviewed, open access online journal publishing research articles in all areas of computer science. CSJ is published 3 times a year by Innovative research foundation Islamabad Pakistan. CSJ welcomes the submission of unpublished manuscripts that meet the general criteria of significance and scientific excellence. Normal review time is 4 to 6 months.

Computer Science Journal Scope

- Computer Networks
- Artificial Intelligence
- Wireless Communication
- Data Bases And Neural Network
- Algorithm Analysis
- Image And Voice Processing
- Network Security
- Next Generation Networks
- Computer-Aided Education
- Real Time Processing
- Multimedia Communication
- Knowledge Based Systems
- Bio Informatics
